## Description

She is a perfect boat for enjoying a day out with family and friends! With two cabins, the master with a double bed, and a secondary cabin in the aft with a convertible double bed. She also features a spacious saloon, a well-equipped galley and a great outdoor dining area.

The boat has been refitted in 2020 including the overhaul of the port side engine, installing a new Raymarine navigation display with chartplotter and a new Fusion audio system. Call us now for a viewing!

This stunning Sea Ray features lots of optional extras that will excite you! The dark navy-blue hull colour just turns heads and gleams beautifully in the sunshine.

If you are looking for a sports yacht that ticks all the boxes, then look no further, this Sea Ray 425 Sundancer named KOH RACHA is literally a paradise found. She features:

- Optional hard top with full camper enclosure
- Hydraulic lift swim platform for your tender (another optional extra)
- Air conditioning and generator for summertime comfort
- V-drive shafts mean more interior space
- MerCruiser 8.1S Horizon freshwater cooled engines
- Stainless steel exhaust manifolds
- Snappy performance with 0 to 30 knots in about 15 seconds
- Hull cleaned and anti-fouled April 2020
- Underwater LED lights

For those upgrading from a smaller Sea Ray then you will find a lot that is familiar on this boat. The ergonomic helm-station provides great visibility, both underway and when docking. All the controls are at your fingertips and there is even a dual-person seat beside you for company as you drive.

At speed, her performance for a mid-sized boat is nimble and balanced and the underwater exhausts reduce the exhaust noise to pleasant levels. The Mercury SmartCraft instruments offer real time data to you such as fuel burn, range, fuel state and other engine vital statistics whilst the Raymarine electronics provide the chart plotter, depth sounder, radar and autopilot functions.

Twin engines and a bow thruster allow for relaxed manoeuvring in close quarters so that the boat is handled easily by two people whilst berthing.

---

In the cockpit area the U-shaped seating will cater for at least eight of your family and friends around the table and the wet bar with sink and fridge is close by, as is the barbecue. The camper enclosure with clears will protect the whole area in poor weather too.

The extended hydraulic lift swim platform at the stern offers the perfect place to sit in the water once you have dropped your tender in (sorry tender not included). It also makes boarding after a swim very easy for children and elderly folks.

The foredeck is easily accessed along the side decks from the cockpit and features a broad lounging pad for that afternoon nap or sundowners later in the day.

Down below, the linear-styled galley kitchen is on your left as you enter. This ensures that everything is close at hand when you are entertaining, either in the lower dinette and saloon or up above in the cockpit. The galley features an under-bench refrigerator with a separate freezer, microwave oven, cooktop and a large sink. There is a lot of galley cupboards and even under-floor stowage for bulky items.

Above the galley is a drop-down flat screen TV which is perfect viewing from the lounge opposite.

Moving forward to the spacious master cabin, you will pass between the separated shower and dual-access head (toilet) compartments. The clever layout arrangement of these into separate areas, alleviates congestion at peak times when there are several people on board.

The master cabin itself features a queen-sized, island-style bed with innerspring mattress and plenty of cupboard space for stowage. This cabin is literally a tranquil retreat from the remainder of the boat when necessary.

The mid-cabin serves as a seating area by day and a double berth by night and features sliding doors for guest privacy.

There is plenty more to tell you about Koh Racha, so ask for our Specifications and Inventory Sheet if you would like to know all the details.

Call us today to arrange your viewing of this Sea Ray 425 Sundancer. She is located in a marina berth, so checking her out is as easy as walking on board OR taking a Virtual Tour!
