Description

VERY LOW HOURS, each engine has under 500 hours!

The vessel features four spacious cabins and three bathrooms, including a master suite with a king-size bed, walk-in robe, and extra-large shower, the VIP cabin features a queen bed with tons of storage, and the double cabin to the port has a double bed and an ensuite shared with a twin bunk room to the starboard., There are more than two metres of headroom in the living area and 1.9 metres in the walk-in engine room., With half fuel and water, from a standing start, it takes 18 seconds to hit 18kts without touching the trim tabs and turns snappily off the hydraulic power steering as a sports yacht should. In all conditions, the ABT-TRAC stabilizers make the ride unbelievably comfortable, whether at rest or in motion.

You will enjoy comforts without extreme costs on a fully loaded boat that won't break the bank, modest motors for longer trips using 36litres per hr at 10 knots, Fuel up and go Turnkey boating at its best.

Key Features.

4 Cabin 3 Ensuite layout.

Hydraulic swim platform, tender garage door, engine room door.

Bow and stern Thrusters

ABTRAC Stabilisers at rest and underway

Wireless yacht controller refit in 2016

Feel free to contact Jules at 0452 554 191 with any further questions or to book a inspection
