Description

After over 26 years of business, Force Boats are still Australian owned, Australian made and designed. Plus we are current world champions!

So it gives us great joy to proudly present our latest model to the Force range, the Force F25XS.

Wow does this monster have some room! This Force is made to look even better sitting on a full custom dual axel flared trailer, finished in the colour silver. Lighting inside and out, big sound system, double berth under the deck, seating for 8, huge swim platform, fresh water shower and the list goes on.

Powered by a 600hp Mercury superchargd high performance sterndrive, this Force is a joy to drive.

The Force F25XS Sterndrive is a big enough to fit family and friends yet still fast enough to get the places you need to go on time. This new Force F25XS Social Boat, with its U-Shaped lounge, is the entertainer's dream! With seating for 8, a luxurious large cockpit means our F25XS model offers something for everyone.

The F25XS offers a generous transom setback and has a 21-degree, deep v dead rise. With the depth of its sides and wave smashing dead rise, this model has been specifically designed to suit any water condition. Like our World Championship race hulls, this model has the capabilities to navigate through rough water, which is a priority in hull design here at Force Boats. The F25XS features triple stepped lifting foils and an aggressive stepped chine to create a fast, dry ride. Its 2.5m beam is helped by its step out from the chine above waterline, to create increased cockpit size without reducing its performance and smooth ride.

The F25XS features custom high end stitched upholstery for those who love a bit of extra style and luxury, built In Swim Deck, Padded Sun Lounge, Fresh Water Shower W/Retractable Head, Stainless Steel LED Navigation Lights, Wrap Around Bow Seating with Storage, Driver Deluxe Bucket Seat, Observer Deluxe Bucket Seat with Swivel, Rear wrap around Seat, Custom rear engine hatch, Custom Udeck Flooring, Grab Handles, Recessed Trim Tabs, Underfloor Storage, Swim Ladder, Anchor Locker and Side Pockets with Cup Holder Lighting plus a huge amount of storage.

This boat is designed for those who love to get out and have a ski or a board with a group of friends and family but who also like to have the power of a Mercury MerCruiser engine to get you where you want to go and fast!

Force Boats are proudly 100% Australian owned and manufactured. You can custom build the boat of your dreams and speak directly to the designer and builder during the whole process of your boat build.
